Re: Report of Regular Meeting of April 9, 2013

The Planning Board held its regular monthly meeting at the town library on April 9. There were no public hearings scheduled. One existing project, Master Unit Retreat Speak, appeared. Kaaterskill Associates, who provided a sketch plan of their proposal, represented them. Master Unit Retreat Speak is a religious organization that purchased a roughly 50 acre parcel of land on Silver Spur Rd. (formerly the Miller property) and wishes to convert the property into a membership retreat and yoga/meditation center. Their sketch plan contemplates use of the existing residence as a residence, conversion of an existing farm building (chicken coop) into a dormitory and conversion of a second, existing farm building into a dining hall and meeting rooms. They have also proposed a new driveway access off Joel Austin Rd. leading to a proposed thirty space parking lot. They were advised to complete a survey of the property, finalize their site plan proposal and provide elevation drawings for the proposed converted buildings.

In addition, the following new projects came before the board:

- Vaughn subdivision proposal
- Schneider subdivision proposal
- Torres subdivision proposal
- Susan and Joseph Donato, site plan review
- The Kid Zone, site plan modification
- Muller & Annese (Flora & Fauna)

The three subdivision proposals listed above were all minor subdivisions and all are have public hearings scheduled for the next regular meeting of May 14, 2013.

Susan and Joseph Donato indicated they had purchased the property at 451 Main St. That property, located adjacent to the former Cornerstone Bar, had been recently used as a café. They requested permission to re-open the property as a café. The board waived review and referred them to the building dept.

The Kid Zone requested a modification of their existing site plan. They indicated they wanted to section off a portion of the interior of their building for use as a day care center. They were aware that approval from the Office of Children and Family Services is required in order to operate a day care center. Their modification was approved contingent upon their receiving the required state agency approval.

Muller and Annese (Flora and Fauna) appeared before the board. They complained that their neighbors were in the process of moving an existing private drive. The dispute concerns the location of the private road/drive, whether it is or is not within the defined easement, and whether the neighbors have the authority to move it. As this was clearly a private, legal matter, they were advised to retain counsel..

The next regularly scheduled meeting is 7:00 p.m., May 14, 2013 at the library meeting room.

Respectfully Submitted,

Daniel A. Benoit

Town Board Meeting – April 24, 2013

Submitted by Kathy Jurgens – Administrator

Water - Water bills were mailed to customers on April 4th. Annual Water Quality Report included with the bills. A copy was also sent to the Board of Health in Oneonta. Resolution submitted for the billing. A number of seasonal customers have been turned on. Highway Supt. advised me that Highway Dept. was obtaining water from the fire hydrant at the Town Park for sweeping roads. I advised him to keep track of the gallons taken. Myers Laboratory is now doing our monthly water samples. After conferring with Dave Jennings, hydrants will be flushed as soon as the weather gets warmer.

I would like to obtain bids for a security fence to be installed at the stand tank located on Kligerman Drive. Also, I would like to paint the outside of the stand tank. Before proceeding with the legalities on this proposal, I would like the Board's opinion on this.

Sewer - Hunter Environmental expects to resume pumping this week. Additional names have been added to his list for pump outs. There are a few tanks on Main St. to be pumped. Jerome Avenue will be the next street to be done.

There was an issue at Karen's Flower Shoppe; however, it appears not to be our problem as of now. A failed E/One grinder pump on Jerome Ave. last week was removed by George LaPlante Inc. A spare pump at the WWTP was installed by Joe Myers. Customer did not notify us of a problem and turned off the breaker.
