

The Greene County Department of Human Services asks that all those individuals currently receiving a home delivered meal please follow this request.

If you have not already, please place something outside your household door (such as a table, box, chair, etc.) so the volunteer delivering can place the meal there.

In an attempt to follow social distancing guidelines, we want to maintain a no- physical contact between you and the volunteer.

Should you have any questions, please contact our office at 518-719-3555.

Thank you for your co-operation.
