- Yes
 No

I _____, being the parent/guardian of _____, consent to her/his participation in the Cairo Summer Recreation Program, including all off-site field trips.

Parent/Guardian Signature

COVID-19 Agreement:

Daily health screening of Cairo Summer Recreation employees, campers and visitors.

• Screening will be coordinated to prevent individuals from intermingling in close or proximate contact with each other prior to completion of the screening.

• Screening will include a questionnaire that determines whether the individual has:

1. knowingly been in close or proximate contact in the past 14 days with anyone who has tested positive for COVID-19 or who has or had symptoms of COVID-19;
2. tested positive for COVID-19 in the past 14 days; and/or
3. has experienced any symptoms of COVID-19 in the past 14 days:
 - a) Fever or chills
 - b) Cough
 - c) Shortness of breath or difficulty breathing
 - d) Fatigue
 - e) Muscle or body aches
 - f) Headache
 - g) New loss of taste or smell
 - h) Sore throat
 - i) Congestion or runny nose
 - j) Nausea or vomiting
 - k) Diarrhea

• Screening will include a non-touch temperature reading.

Anyone that answers yes to any of the screening questions or has a temperature reading of 100.4 degrees Fahrenheit or higher will not be allowed to enter the camp and will be sent home with instructions to contact their healthcare provider for assessment and testing.

Responsible Parties must immediately notify the state and local health department about the case if test results are positive for COVID-19.

During the camp day children who develop COVID19 symptoms will be immediately separated from other children or campers and supervised until their parent/guardian or emergency contact can retrieve them from the program facility or area. In the event that a parent/guardian of a child/camper in the child care or day camp program must be isolated because they have tested positive for, or exhibited symptoms of, COVID-19, Responsible Parties must advise the parent/guardian that they cannot enter the site for any reason, including picking up their child.

- If the parent/guardian – who is a member of the same household as the child/camper – is exhibiting signs of COVID19 or has been tested and is positive for the virus, Responsible Parties must utilize an alternate parent/guardian or emergency contact authorized by the parent to come pick up the child. As a “close contact,” the child/camper must not return to the child care or day camp for the duration of the quarantine.
- If the parent/guardian – who is a member of the same household as the child/camper – is being quarantined as a precautionary measure, without symptoms or a positive test, child care or day camp staff should walk out or deliver the child/camper to the parent/guardian at the boundary of, or outside, the premises. As a “contact of a contact,” the child/camper may return to the child care or day camp during the duration of the quarantine.
- If a child/camper or their household member becomes symptomatic for COVID-19 and/or tests positive for COVID19, the child must quarantine and may not return or attend the child care or day camp program until after quarantine is complete.

I verify that I have read and understood and agree to the agreement:
