

NOMINATIONS OPEN **For 2023 GREENE COUNTY** **SENIOR CITIZEN AWARDS**

The Advisory Council to the Greene County Department for the Aging (Human Services), announces that nominations are being accepted for the Greene County Senior Citizen Awards. The two awards, presented annually, are Senior Citizen of the Year and Outstanding Contribution by a Senior Citizen. The purpose of the awards is to recognize the outstanding achievements of senior citizens who have volunteered their time and energy to help other people, their communities, and/or special projects. The dedication of these volunteers help to make Greene County a better place for all of us. The individuals chosen on the county level will then represent Greene County for recognition for New York State awards. Recently, the New York State Office for the Aging (NYSOFA) celebrated Older New Yorkers' Day virtually, recognizing 87 volunteers from across the state who demonstrate their extraordinary value every day to their family, friends, and community.

Any Greene County resident, age 60 or older, can be nominated for these awards. Achievements must be voluntary in nature; performed in Greene County and not part of paid employment. Past award winners may be nominated only if seven or more years have passed since last recognized.

If you know someone who deserves this recognition, contact the Greene County Department of Human Services at (518) 719-3555 for an official nomination form. Incomplete forms will not be considered as eligible. Any inquiries for further information may also be directed to the department.

Deadline for entries is January 27, 2023.

NUTRITION NOTES

Written By: Nicole Gehman, MS, RD, CD-N

Fats vs. Fiction

The buzz words “heart healthy fats” or “good” vs. “bad” fats are always circulating, but it can be confusing to know what food groups fall into what categories, and what are the benefits of fat in the diet?

Saturated fat is known as the bad fat. Excess saturated fat can raise dietary cholesterol, which can deposit in our arteries, increasing risk for heart disease and/or cardiac events such as heart attack or stroke. Sources include fatty cuts of animal protein such as beef or pork, dairy including butter, cream, milk, shortening and cheese, eggs, coconut/palm oils, baked goods, fried foods, and processed snacks. Animal fat and dairy also contain trans-fat, which can raise bad cholesterol levels.

Unsaturated fats are considered the healthy fats. There two types - monounsaturated and polyunsaturated fats (both promote positive health benefits, different chemical structure). Omega 3 fatty acids are a type of polyunsaturated fats shown to support heart health, lower cholesterol levels and reduce inflammation in the body. Food sources include fatty fish such as salmon or mackerel, nuts (including almonds and walnuts), seeds, and eggs. Monounsaturated fats include heart healthy oils such as olive, canola and avocado oil, avocados, nuts, and nut butters. These fats help increase our good cholesterol levels in the body.

The body needs fat for fuel and to make energy. It protects our organs, promotes cell growth, controls blood pressure and cholesterol levels, and helps our body absorb nutrients such as fat-soluble vitamins (A D E & K). Dietary fat is essential for health, as the body cannot make it to sustain these functions. It must come from the diet.

The gist: A healthier meal plan does not exclude all fat. Rather, start replacing foods that are higher in saturated fat with those rich in unsaturated fat. Make small changes such as swapping butter for olive oil or incorporating more fish for protein instead of fatty meats. Healthy fat should make up a quarter to a third of our daily caloric intake, keeping saturated fats at 7-10 percent of those calories. Both types can be part of a healthy diet.

Need more information on dietary fat? To request specific dietary guidance or nutrition counseling, please contact the main office at (518) 719-3555 for an individual nutrition referral. Wishing you all a happy, healthy 2023!

DIAL-A-RIDE WITH GREENE COUNTY TRANSIT

Greene County Transit (GCT) has a limited time service called Dial-A-Ride which covers the Freehold, Greenville and Catskill areas of Greene County (previously known as Route 705) for essential (non-urgent) transportation.

At this time; "essential transportation" is a term we use loosely, so give us a call to see if we can get you where you need or want to go. The service times and days are available between 9:00 a.m. – 5:00 p.m. on Monday – Friday.

How do I use this?

You can utilize this limited available service by calling GCT at (518)943-3625 and schedule an appointment for pickup and return 24 hours before the ride is needed, Monday through Friday. If a ride is needed on Monday, reservations must be made on the Friday before by 3:00pm. Due to scheduling, the service may not be available for the day or times you need and are adjusted to when the bus is in your area. This will be discussed when you set up your appointment with our office staff.

What does it cost?

The cost for this service is the same as its prior Route Deviated fare at \$3.00 for a one-way trip. This fare includes a free transfer if another bus is needed to get you to your destination and a free Catskill Shuttle Pass for the same day.

Why are we offering this service?

This service was created during the COVID-19 pandemic to provide essential transportation for the Greene and Columbia County area when GCT had paused its route service. As the regular routes returned to service, the Dial-A-Ride was no longer needed for that route area. The only remaining area that has not returned to service is GCT Route 705 that the Dial-A-Ride Service still covers. The Route 705 service area is Freehold & Greenville coming into the Village of Catskill.

If you need further information, please call Greene County Transit at (518)943-3625 on Monday – Friday between 8:30 a.m. – 4:30 p.m.

NEWS FROM COXSACKIE AREA SENIORS

Members have enjoyed trivia and a number of games at their meetings, including a variation of The Price Is Right with many lucky winners. Prizes included gift cards, a holiday plush blanket, an anniversary clock and ceramic heaters.

At the November meeting, 4 lucky members won Member Appreciation gift cards to Topps.

A good time was had by all at the Christmas party held at Pegasus on December 8. Thank you Patricia Osborn for arranging.

VanHeest Hall (Bethany Village) has been closed due to renovations for the month of December - no meetings. Bimonthly meetings will resume on January 2023.

GETTING YOUR AFFAIRS IN ORDER (*National Institute on Aging*)

No one ever plans to be sick or disabled. Yet, it's just this kind of planning that can make all the difference in an emergency. It is important to put all important papers in one place and let someone else know where to find them. But what exactly is "an important paper"?

The answer to this question may be different for every family. The following lists can help you decide what is important for you. Remember, this is a starting place. You may have other information to add. For example, if you have a pet, you will want to include the name and address of your vet.

Personal Records

- Full legal name w/ Date & place of birth
- Social Security and Medicare Information
- Legal residence
- Contact information (names, phone # & address) of important contacts, e.g. spouse, children
- Location of birth certificate, marriage license, citizenship, adoption, etc.
- Education and military records
- Religious contacts
- Medication list
- Names & phone number of doctors, pharmacy, etc.
- Health care proxy, living will, Power of attorney

Financial Records

- Sources of income and assets
- Insurance information (life, home, auto) with policy numbers and contact information
- Banks with account numbers
- Investment income
- Most recent income tax return
- Up-to-date will with original signature
- Liabilities, including property tax
- Mortgages & debts
- Original deed, title for car and registration
- Credit and debit names and numbers
- If safe deposit box, it's location & key
